Dysart receives AdvancED district-wide accreditation

The Dysart Unified School District was recommended for district-wide accreditation through the AdvancED Accreditation Commission. Dysart is the second school district in Arizona to receive the international accreditation (Peoria Unified received accreditation in early February). Receiving AdvancED District Accreditation highlights Dysart both nationally and internationally and recognizes the district as a school district of high quality. All of Dysart's schools are also accredited through AdvancED.

To receive AdvancED Accreditation, districts receive a rigorous site visit from an accreditation team consisting of educators from across the country. The three-day visit ensures that the district is meeting the AdvancED standards in each school and as a school-wide system, assures the district is engaged in a continuous improvement process, and monitors academic improvement through district and school accountability processes.

The AdvancED Accreditation team, led by Florida international education consultant, Pat Woodruff, commended Dysart Unified in multiple areas including:

- The leadership of the Dysart Unified

School District is building an open, transparent, innovative and results-oriented commitment to high quality instruction and increased student performance.

- Dysart's iPAL provides a focused alignment of curriculum, instruction, assessment and professional development.
- The 2011-2014 Strategic Plan provides a collaborative and systemic focus on the work of the district.
- Data is the foundation for organizational and instructional decisions throughout the district.
- Professional development opportunities throughout the district enhance teaching and learning as well as organizational effectiveness.

In addition to commendations, the AdvancED team is tasked with identifying "Required Actions" for a district to take to continue its improvement efforts. Dysart received only one required action from the team and according to Woodruff, "In conducting hundreds of accreditation visits, I have never seen a district receive only one required action. Dysart is to be congratulated for this accomplishment." The AdvancED District Accreditation is for five years.

The Dysart Governing Board approved the appointments of Kathy Hill as principal at Luke Elementary, Gail Miller as principal at Mountain View Elementary, Karie Burns as principal at Surprise Elementary, and Veronica Vasquez-Robles as principal at Thompson Ranch Elementary. Sunset Hills earns top honor

Sunset Hills Elementary School has been named an A+ school by the Arizona Educational Foundation. The honor, designated to a handful of schools state-wide each year, recognizes outstanding public schools in Arizona. Sunset Hills' award of A+ highlights their achievements and commitment to student success.

The Arizona Educational Foundation's A+ Program celebrates education and brings to light the positive stories and successes happening in public schools every day. The A+ Program is an amazing catalyst for bringing together the surrounding community and its local neighborhood school.

This is the second consecutive year that a school in the Dysart School District has won the A+ award. Thompson Ranch Elementary School received the A+ honor last year. The year-long A+ application endeavor consists of a rigorous written application and screening process along with site visits for schools that make it to the final round.

Dysart showcases superior technology

The Dysart Unified School District hosted a site visit by the National School Boards Association (NSBA) Technology Leadership Network on April 1-3, 2012. Dysart is one of four districts across the country to be selected for site visits in 2012 and was selected as a 2010 NSBA Salute District for outstanding technology integration. Due to this recognition, Dysart acted as host to visitors from across the nation.

Dysart showed off Student Success in the Southwest by highlighting the use of student-owned devices, 1:1 iPod solutions, robotics, STEM programs and much more. Visitors had the opportunity to observe classrooms to get a firsthand look at students using technology in multiple content areas. For more information on the site visit, including wrap-up videos from the district and 12 News, please visit Dysart's NSBA website: <http://dysart.org/nsba/>.

Reading interventionist is 2012 Teacher of the Year

Mrs. Kristi Martorelli was named the 2012 Teacher of the Year by the Arizona Educational Foundation. tion (AEF), a statewide organization that promotes and awards the exceptional efforts being made in Arizona's public schools.

During the AEF awards luncheon, the 2012 Teacher of the Year is honored before more than 500 attendees including Arizona educators, elected officials and business leaders.

As Teacher of the Year, Kristi Martorelli will receive a host of awards and recognitions, march in the Fiesta Bowl Parade alongside the Wells Fargo Stagecoach, and serve as spokespersons for her profession by advocating for excellence in the classroom by making presentations statewide to education, civic, government and professional organizations.

Dysart district student dress code

The Dysart Unified School District believes that there is a connection between student dress and academic success. In the Spring of 2009, a Strategic Plan committee reviewed and revised Dysart's student dress code. The committee, consisting of parents, teachers and administrators presented dress code revisions to the Governing Board and the revisions were implemented in the 2009-2010 school year. Dysart's student dress code is set to remain unchanged for the 2012-2013 school year. The student dress code can be viewed at www.dysart.org under the tab, "Parents and Students." The most prominent items in the K-12 student dress code include:

Dysart preschool announces screening dates for 2012-2013

Do you have concerns about your preschooler's development? The Dysart Early Childhood Education Center offers free screenings for in-district children, age 2 years 10 months to 5 year old non-kindergarten children with possible special needs or handicaps. A parent needs to be present with the child that is to be screened and siblings are not allowed unless they are being screened as well.

The Individuals with Disabilities Education Improvement Act (IDEA, 2004) requires that public school agencies ensure that all children from birth through age 21 with delays or developmental disabilities are identified, located and evaluated to receive the supports and services they need. This includes all children living within the geographic boundaries of the school district including children who are homeless or wards of the state, children with disabilities attending private schools, or those who are home schooled.

Public schools and the Arizona Early Intervention Program are responsible for "finding" eligible children and providing services needed for them to reach their developmental milestones or meet their educational needs. The Dysart preschool screenings, conducted at the Dysart

Early Childhood Center, address vision, hearing, motor, speech and language, self-help, cognitive and social skills. The time to complete a screen is approximately one hour. Parents must be present with their child during the screening process.

For more information or to schedule a special needs screening appointment, please contact the Dysart School District at (623) 876-7350. For information regarding screening children ages birth to 3 years old, please call the Arizona Early Intervention Project at (602) 532-9960. The Dysart Early Childhood Center is located at 17999 W. Surprise Farms Loop South in Surprise.

Volunteer time, talent expand the horizons of youth

Volunteer partnerships with Dysart Unified School District's teachers and staff make a meaningful difference by providing assistance throughout the many facets of the school district. In 2011-2012, more than 1,400 people enriched the lives of students by generously donating more than 70,000 hours of their time. Volunteers range from college students, parents and grandparents, to corporate employees and retirees. These individuals recognize that well-educated children are our greatest natural resource and support our schools in the effort to help each child meet his or her full potential. Volunteer opportunities exist in K-12

classrooms, libraries, offices, with district sports programs, as well as with infants and toddlers in the Child Development Center and Dysart Early Childhood Center. In addition to providing intergenerational experiences for students, the volunteer program also strengthens school-community relations by encouraging interested community members to effectively participate in school programs. Dysart welcomes anyone who is interested in experiencing the rich satisfaction of helping children, to apply to become a volunteer. For more information about becoming a Dysart volunteer, please call 623.879.7875 or visit www.dysart.org/volunteer.
