Safety Town : A Fun, Interactive Learning Experience!

Students in PreK-3rd grade will participate in a hands-on, interactive program designed to teach essential safety skills and healthy habits in a fun and engaging way. This event is hosted in partnership with Surprise Fire-Medical Department and Banner Health Injury Prevention Team. Topics include drowning prevention, helmet and pedestrian safety, healthy eating choices, car and gun safety , poison awareness and more.

The program is aligned with Arizona Health and Safety Standards, helping children understand how to stay safe in everyday situations. Each session includes interactive, scripted lessons led by volunteers and experts from health and safety fields.

Safety Town is a fantastic opportunity for children to gain practical knowledge while having fun, all in a safe and supportive environment. We're excited for your child to join us in learning life-saving skills!

West Point Parent Survey- Survey ends on Monday, February 10th.

We are seeking parent input on the progress of West Point's Continuous Improvement Goal #3: To increase the number of families recommending West Point from 86% to 89%. Please take a few minutes to complete this mid-year survey.
