2026/2027 School Goals

At West Point, we are committed to continuous improvement through our Integrated Action Plan. Our school has established goals focused on three key areas: student achievement, instructional excellence, and family engagement.

Goal 1: Student Achievement

By the end of the academic year, West Point will increase student proficiency in Math, English Language Arts, and Science by at least 3% as measured by State Testing and Acadience end-of-year assessments.

Goal 2: Instructional Excellence

By the end of the academic year, all West Point teachers will strengthen instructional effectiveness by implementing gradual release lesson design, increasing student engagement, and delivering standards-aligned instruction. Success will be measured at 80% or higher through formal and informal classroom observations using the Dysart Instructional Protocol.

Goal 3: Family Engagement

By the end of the academic year, West Point will strengthen family engagement by maintaining or increasing both the number of school-sponsored family events and family participation rates.

Our Integrated Action Plan includes specific action steps and ongoing progress monitoring to ensure we stay focused on achieving these goals.

How Can Families Help?

Families play a vital role in our success. You can support these goals by:

- Encouraging positive attendance habits
- Setting academic goals with your child
- Supporting learning at home
- Participating in family engagement events throughout the year

Thank you for your continued partnership and commitment to the success of our students. Together, we can help every Wildcat learn, grow, and thrive!
