Review Applications for Tax Credit Expenditures:

I would like to begin tutoring for students who are struggling in math and reading. I will tutor between 2-4 days per week, based on my availability. Students will be taught in small groups in my classroom. Tutoring will be based on skill, and student rosters will change based on need. Students will be taught to the grade level standards, and will track their progress in a data notebook. I will use manipulatives, as well as curriculum resources to reteach misconceptions, and provide practice opportunities for struggling learners.

It will be approximately 50 hours and it is not to exceed \$1500.00
